FOR CONGRESS.

We are authorized to announce JAMES P. HARBESON, of Fleming county, as a candidate for Congress, subject to the action of the Democracy in convention assembled.

We are authorized to announce Col. J. SMITH HURT, of Bath County, as a candidate for Congress in the 9th Congressional District at the next November election. Subject to the action of the democratic party.

We are authorized to announce that Dr. A. G. Browning, of Fleming county, is a candidate for Congress, in this the (9th) district, subject to the action of the Democratic party.

THROUGH some bungling mismanagement the Republican congress did not even get the taxes off matches, and the monopoly controlling their manufacture has run up the price another notch.

ONE hundred and fifty millions of three and a half per cent. bonds have already been surrendered by National Banks alone, and there is every reason to believe the amount received from these banks will aggregate nearly \$180,000,000.

THE Mississippi river commission has intimated to the chief of engineers that the first two things which it has determined to do are the removing of the bar at the mouth of the Red river and the continuation of the surveys and inspections at New Orleans harbor.

THERE is a movement at Paris to send a missionary preacher into the mountains of Eastern Kentucky. Capt. Thomas, of that city, who is often called by business into the mountains, said that \$300 would secure the services of a minister, and started the subscription paper with \$100 opposite his name.

It would seem after all that the purposes of the Republican leaders, and protection barons, have been thwarted in the matter of the increase from 30 per cent. to 100 per cent., on knit goods. Senator Beck is authority for the statement that through some bungling among the republican managers it was not legally passed by the House.

THE London Times says the English wheat crop is below the average; that hay is short, and that only barley, beans, and root crops afford anything like a favorable showing. It sympathizes with the farmers, but the great crops in the United States will save the country from famine. The meaning of this is that England will depend largely on the United States for supplies of food.

THE Democrats of Fleming County in instructing for Judge J. P. Harbeson for Congress adopted the following resolutions:

WHEREAS, our fellow-citizen, Hon. Jas. P. Harbeson, is now seeking the nomination of the Democratic party of this, the 9th Congressional District, to become its standard bearer, at the coming November election as a candidate to represent this district in the Congress of the United States.

AND WHEREAS, we recognize in him such qualities of mind and heart as peculiarly fit him for the discharge of the high and important duties of Representative in the councils of the nation.

AND WHEREAS, we have a high appreciation of his honesty, integrity and sterling worth as a man, and feel that the devotion he has always exhibited to the principles of the political party we love so well, is a sufficient guarantee for his future action in said party, should he be nominated and elected to represent us in the next Congress of the United States.

RESOLVED, that we, the Democracy of Fleming County in convention assembled, do hereby endorse his Democracy and hereby instruct our delegates to the District Convention to be held at Grayson, on the 7th of September next to vote for the Hon. Jas. P. Harbeson as long as his name may be before said convention, and to use all honorable means to procure his nomination, and we hereby instruct our delegates to vote as a unit on all questions which may arise before said convention.
